

Three operators.
One question.
The least scalable
answer.

Breaking Through the AI Slop

THE SETUP

Volume up. Replies down.

AI pushed sends per rep ~6x in a year. Reply rates fell by a third.

Automate the 90%. Own the 10%.

The tool ships you to port. The last mile is yours.

THE CONVERGENCE

Three roles. One answer.

Tanny

Identity-first — be a person

Josh

Community-first — teach, don't pitch

Eric

90/10 — own the last mile

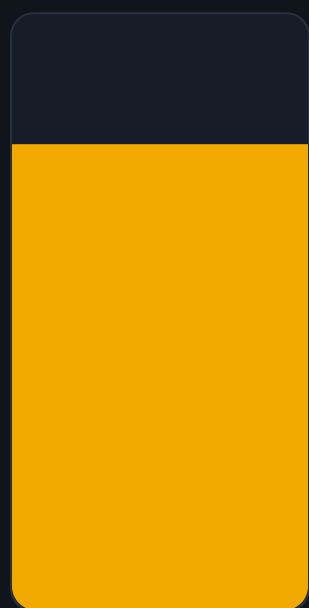

**A human
who
owns the
output.**

Every fix routed back to the one asset AI can't flatten.

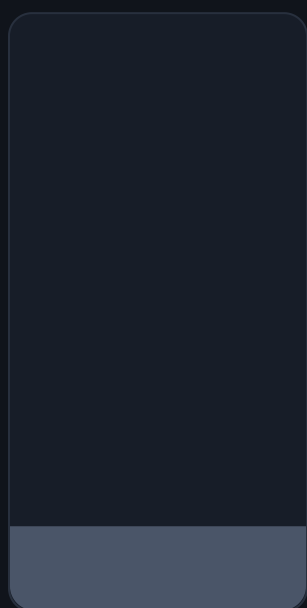

THE HONEST TENSION

Every fix is a fix on a lag.

5–18%

signal-based

1–3%

generic blast

*...until “signal-based” is
the new template everyone
copies — and the clock
resets.*

“Stand behind
every sentence.”
