01 · ONE NIGHT, THREE TALKS

Proof of work beat proxies. Three times.

02

Hiring

03

Building

04

Selling

GTM Intelligence: AI Night · Ramp × MeritFirst · NYC · Oct 20, 2026

Alex Yedi

Watch the path, not the PDF

PROXY

~~School · résumé logos · a static case-study PDF~~

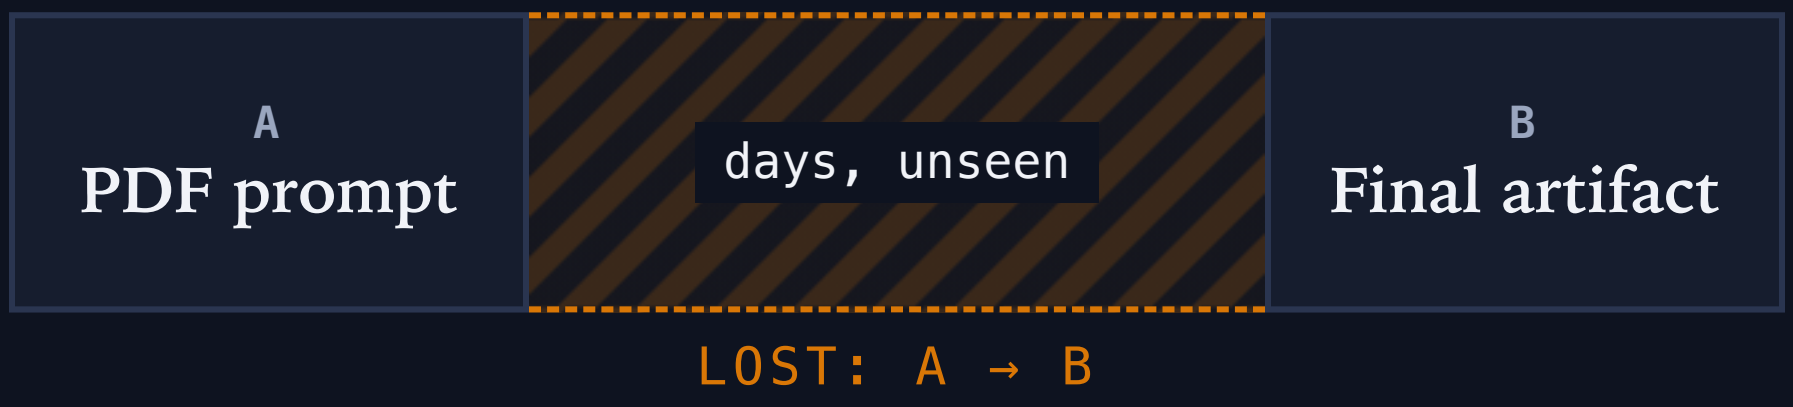

→

PROOF

Virtual computer

Stakeholders, files, Claude Code. Watch the decisions as variables change.

WHAT THE TAKE-HOME HIDES

FUNNEL

Light screener
friction vs AI spam

→

1–2 interviews

→

Case study
1 hour to a weekend

Source: Zack Ganieany (MeritFirst), GTM Intelligence: AI Night, Oct 2026

Proximity beat the job title

PROXY

~~Title: engineer / co-founder~~

→

PROOF

Closest to the problem

HOW PROXIMITY TURNS INTO A BUILD

01

5+ hours a day on live calls

→

02

Knows which question costs the deal

→

03

Shipped Mo in one week

> Night before the deadline, a co-founder posts the same idea. The seller ships anyway, and wins.

Source: Jack (Ramp), GTM Intelligence: AI Night, Oct 2026

04 · SELLING · MAX FREEMAN, RAMP

Learning pace over years of quota

PROXY

~~5 years of quota carrying · SaaS experience~~

→

PROOF

Accelerated learning · all in, obsessed · what's not on the résumé

ONE CAREER PATH

Before

Startup controller + college club promoter

→

Then

SDR

→

Now

Ramp's top AE

(per Max)

> SDR team = ‘talent vortex’, by design; largely new grads.

Source: Max Freeman (Ramp), fireside, GTM Intelligence: AI Night, Oct 2026

05 · SYNTHESIS

The standard cuts both ways

IF YOU HIRE ON PROOF, ASK FOR PROOF:

- [ ] How did they get from A to B? — AFTER ZACK
- [ ] How close are they to the problem? — AFTER JACK
- [ ] What's not on their résumé? — AFTER MAX

Experienced? Show the work, not the years.
